Southside Young Leaders Academy

On 16th October, Kwame in year 9 was invited to speak at the Ministry of Housing, Communities and Local Government. As part of the Southside Young Leaders' Academy, Kwame was given the opportunity to speak about the work he is doing with the Mayor of London's office as a member of the GLA Sports and Serious Youth Violence Steering Group. Kwame also took part in a panel session with other young speakers to discuss how organisations such as SYLA can help strengthen BAME communities.

An Opportunity to get Involved in the Local Community: could you spare an hour or so a week during school hours to support local older people?

Link Age Southwark support local, lonely and isolated older people by matching them with volunteer befrienders or providing a volunteer driving service to get them out and about. We urgently need more people who can spare an hour or so during the school week to get involved with this kind of role. If you can help, please get in touch with the volunteering team at Link Age Southwark at: volunteering@linkagesouthwark.org or call 020 8299 2623.

Training is provided. You could make a massive difference to someone's life!

Samba drumming and Stomp Careers talk

The music department were delighted to welcome Alua Nascimento from The Beat Goes On who ran 2 days of Samba workshops as part of Black History Month. A number of students from across the year groups got to take part and we had performances of their work in the canteen at lunchtime. It was a great success and our GCSE students also got to hear about Alua's career to date. They learnt how Alua's resilience and determination to overcome an initial failed audition led him to win a place within the global junk percussion show STOMP! with whom he toured for 10 years. They also discovered that Alua now spends 6 months in Brazil and 6 months in the UK which is just another benefit of being a freelance musician!

This is the first of a series of workshops funded by the Southwark Neighbourhood Fund which The Friends of TCSED secured for the music department last year. Thank you very much!

U13 Southwark Championships

Congratulations to the U13 girls for winning the U13 7 a-side Southwark Championships. All together, there were 8 teams and the girls didn't concede a goal throughout the whole tournament.

They won the final, 3-0 against Sacred Heart, with Habeebat scoring 2 goals and Polly also scoring to finish the game off. Furthermore, Habeebat was voted player of the tournament.

This is the first piece of silverware of the season and I expect plenty more from these girls!

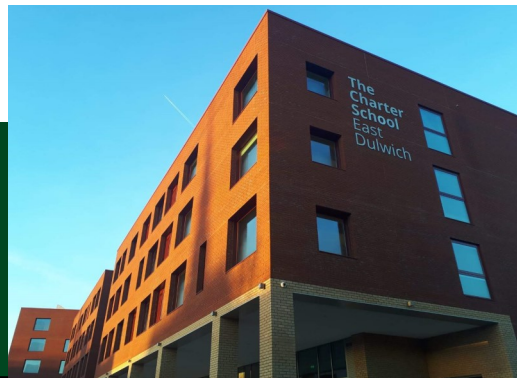

Sustainability Challenge

This week a group of year 9 girls took part in a Sustainability Challenge Day, where they looked at the UN Sustainability Development Goals and how they can be tackled worldwide to meet the 2030 targets.

They focussed SDG 6: Clean water and sanitation and began designing and modelling solutions for transporting water in the Kibera settlement, Nairobi, Kenya. The challenge has been set by the British Council to engage school children in the worldwide effort to meet the Sustainability Development Goals and focusses on research carried out by Engineers Without Borders in Kibera.

The day helped the girls to experience problem solving a specific brief set to them, as they may have if they were to take GCSE Design Technology. They will have another day at a date yet to be confirmed, where they will complete their prototypes and present their design solutions a wider audience.
