The Charter School
East Dulwich

Google Classroom

Google Classroom is a learning platform developed by Google for teachers and students to connect to their class, track their progress and achieve more together.
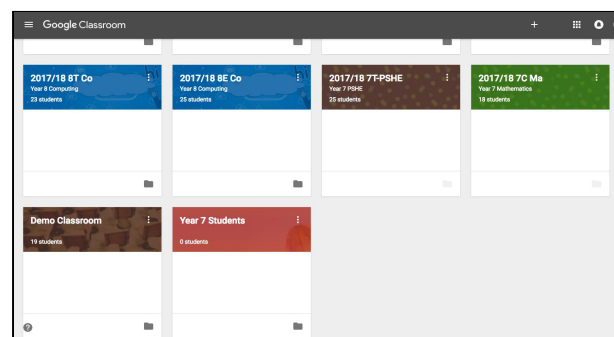

Accessing Google Classroom at home

There are two ways to access Google Classroom at home.
1. Visiting Google Classroom on a PC or Laptop
2. Downloading the Google Classroom app onto a smartphone or tablet.

For Students
Google Classroom Online

1) Visit http://classroom.google.com
2) Log in using your child's school email account (ending in @chartereastdulwich.org.uk)
3) Once logged in, all classes will be displayed. Click on the title of the class to view classwork and homework.
4) Within Google Documents all work is automatically saved while working on the document. There is no need to save or email work once completed.

Google Classroom App

1) Visit your App store and search for Google Classroom
2) Log in using your child's school email account (ending in @chartereastdulwich.org.uk)
3) All classes, class and homework will now be visible.
4) All work completed on the phone will save when completed.

For Parents/Guardians
Guardian Email Summaries

You will be sent an email inviting you to set up daily or weekly email notifications from Google Classroom. These emails will provide a summary of all class and homework set on Google Classroom for your child. If you have not received an email with an invite, please contact the school office to check that we have the correct email address.
