To enable the Covid-19 testing to be completed at the schools within The Charter Schools Educational Trust we need to process personal data for staff and pupils taking part, including sharing of personal data where this is allowed under data protection legislation.

The Charter Schools Educational Trust is the Data Controller for the data required for the management of tests and implementing local arrangements in the event of a positive test and undertaking any actions needed by school/college as part of the school/college's health (including public health), welfare and safeguarding role and obligations.

Ownership of the Personal Data you share with DHSC

The Department for Health and Social Care (DHSC) is the data controller for the information that you transfer to them about you/your child and your test results.

The Charter Schools Educational Trust remains the Data Controller for the data we retain about you for the management of tests and implementing local arrangements in the event of a positive test.

In cases where mass PCR testing is undertaken The Department for Health and Social Care (DHSC) is the data controller for the information that is transferred to them about you/your child and your test results.
