## EPQ Initial Reflection and Research Assignment: <u>Hard copy</u> due Lesson 1, w/c 6<sup>th</sup> September

Welcome to the EPQ! Your first assignment prioritises two key pillars of the qualification: reflecting on your own approach and undertaking academic research. You will **receive feedback** on this assignment: we expect you to learn from it! So, ensure you give it time and attention. **Hard copy due in class from** 6<sup>th</sup> Sept. You may want to create a free account and access this <u>FutureLearn course</u> for an overview.

## 1. Reflect: Examine your motivation: why do you want to do an EPQ?

Reflect on what is motivating you *now*, at this early stage: for each outcome below, score it from 0 to 5, where 5 is a very strong motivation. (You may also have an idea of your own we have not thought of.)

our name:	How strong a motivation is this? <b>Score</b> from 0 to
nvestigate/make something I really want to	
Become a more independent learner	
earn how to carry out academic research	
mprove my writing skills	
Gain experience presenting to others	
Become better at learning how to learn	
Other motivation:	
2. Research: Start to explore the kinds of reso	urces that will help you develop your project
·	you will investigate. What matters most right now is
this point, you may have only a vague idea what your commitment to looking carefully at potential so	ou're unsure, for now, choose something you'd like
this point, you may have only a vague idea what your commitment to looking carefully at potential secisions about which ones are useful, and why. If you	ources of information, and to <b>practise</b> making ou're unsure, for now, choose something you'd like he research process as much as your topic itself.
this point, you may have only a vague idea what your <b>commitment</b> to looking carefully at potential secisions about which ones are useful, and why. If you will learn as much about the	ources of information, and to <b>practise</b> making ou're unsure, for now, choose something you'd like he research process as much as your topic itself.
this point, you may have only a vague idea what your <b>commitment</b> to looking carefully at potential secisions about which ones are useful, and why. If you will learn as much about the	ources of information, and to <b>practise</b> making ou're unsure, for now, choose something you'd like he research process as much as your topic itself.
this point, you may have only a vague idea what your commitment to looking carefully at potential secisions about which ones are useful, and why. If you know more about. You will learn as much about the entify a topic/idea: What do you want to investigate the property of the property of the property of the point of	ources of information, and to practise making ou're unsure, for now, choose something you'd like he research process as much as your topic itself.  gate? / What are you hoping to produce?  not all the sources you find will turn out to be a sources that might turn out to be useful. So, make
this point, you may have only a vague idea what your commitment to looking carefully at potential secisions about which ones are useful, and why. If you know more about. You will learn as much about the entify a topic/idea: What do you want to investigate the entify a topic/idea: What do you want to investigate. What do you want to investigate. The entify a topic/idea what you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you to start to look around for the entify a topic want you want you to start to look around for the entify a topic want you want y	ources of information, and to practise making ou're unsure, for now, choose something you'd like he research process as much as your topic itself.  gate? / What are you hoping to produce?  not all the sources you find will turn out to be a sources that might turn out to be useful. So, make in that might prove useful, and record details.
this point, you may have only a vague idea what your commitment to looking carefully at potential secisions about which ones are useful, and why. If you know more about. You will learn as much about the entify a topic/idea: What do you want to investigate a topic/idea: What do you want to investigate. Here we want you to start to look around for list of three or four potential sources of informations at 2 or 3 sources that may be useful: their name, the	ources of information, and to practise making ou're unsure, for now, choose something you'd like the research process as much as your topic itself.  gate? / What are you hoping to produce?  not all the sources you find will turn out to be a sources that might turn out to be useful. So, make an that might prove useful, and record details.

	om it. Crucially, you'll need to be able to <b>cite</b> it accurately in your report (provide t where it comes from). At this stage, just include all the basic details we ask for.
Book/article section	(author, title in full, date of publication, name of publisher; URL if applicable)
Where did you find t	this resource? (e.g. your book shelf, in library, recommendation, specific website)
What is the main arg	gument of the resource? What is the main thing it says? What have you learned?
Why have you decid	led it is useful? (explain how you think it can help you with your project)

**Select ONE source of information:** As you read, you will identify which sources are, in fact, useful for you. Here, show us how you have selected **one** source from your list above, and say what information

<b>Identify 5 useful quotes from this resource, copying them out in full.</b> For each, explain why it may help you with your topic. You must note page numbers (or similar; e.g. paragraph nos. from webpage).
